\* The annual turnover is the sum of all incomes (for example: financial support from the ministry of education or any other institution, donations from individuals and membership fees, income from fundraising activities, project grants) that your organisation received during the last financial year, which is usually calculated from 1st January to 31st December. Please note, that this calculation exceptionally excludes following income: 1) Funding from an external agency to host an OBESSU activity OR 2) OBESSU Stronger School Student Unions micro grant.

\*\* Project funding - by definition time-limited financial support granted for a project with a specific purpose - needs to be included in the turnover declaration valued at 50%. Any declaration on the honour is a lawful declaration.

*Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.*
